

PRASIDHA JAGTAP

Technology Analyst | Product Delivery | Enterprise Technology | HR Tech | AI

Navi Mumbai, India | +91 75592 24993 | prasidhajagtap@yahoo.com | linkedin.com/in/prasidhajagtap | prasidhajagtap.github.io/prasidha_jagtap

SUMMARY

Technology Analyst with 3+ years in enterprise HR technology and 6+ years of total work experience. Manages and handles an enterprise HR app on iOS and Android (100,000+ downloads, 54,000+ active users) that covers most employee and manager transactions from hire to retire — from requirements and solutioning to testing, release and support. 100% on-time delivery every year since 2023. Uses AI as a tool to build faster and to find where it fits the business.

CORE COMPETENCIES

Product Delivery · Digital Transformation · Feature Solutioning · Requirements Analysis (BRD / FRD) · UAT / SIT · Release Management · Mobile App Delivery (iOS & Android) · Stakeholder & Vendor Management · Security Remediation (VAPT) · ISO 9001 / 27001 / 27701 Compliance · User Training & Enablement · AI Enablement

TECHNICAL SKILLS

- AI:** Generative AI, prompt engineering, RAG, LLMs, AI-assisted development (Claude Code), multi-model AI (OpenRouter)
- Enterprise & cloud:** Microsoft Azure, Azure AD / SSO, AWS, PeopleSoft, SharePoint, SFTP, Firebase
- Development (working knowledge):** JavaScript, React, Node.js, Java, SQL, HTML5 / CSS, Supabase, Python (basic)
- Tools:** Jira, Google Play Console, Apple App Store Connect, Power BI, Excel

PROFESSIONAL EXPERIENCE

Seamex – Aditya Birla Group (HR Shared Services Centre)	Navi Mumbai
Assistant Manager – Technology Analyst	Jun 2024 – Present
Technology Analyst Trainee	Jun 2023 – Jun 2024
- Delivered 100% of planned projects on time every year since 2023 across enterprise HR platforms. - Led the HR app launch in Canada, parts of the USA, Sweden, Thailand, Indonesia and China, with private access for teams in 13+ regions; ran daily partner calls on status, risks and dependencies. - Moved app sign-in to enterprise SSO (Azure AD) and improved account recovery and multi-device notifications — 15% fewer login issues. - Managed and handled the Group Awards App for a group-wide programme (FY 2025-26), from setup to live event-day support — 1,060 downloads (598 iOS, 462 Android). - Wrote BRDs, FRDs, test documents and SOPs; standardised change-request, FAQ and user-guide templates — 35% better internal audit readiness. - Tested every iOS and Android build — 98% stable releases with zero critical production bugs in the measured period. - Closed 100% of VAPT and CISO audit findings with security and tech teams; ISO point of contact and trained internal auditor for ISO 9001, 27001 and 27701. - Resolved 200+ app tickets (98% SLA response, 100% SLA resolution); coached L1 support on repeat issues — 12% faster resolution. - Trained 5,000+ users, including the geo-fencing attendance rollout, and ran 10+ live demos; clear user guides lifted feature adoption by 20%. - Managed SFTP data flows and master-data mapping (100% data consistency); analysed app infrastructure and storage costs with IT and the partner. - Beyond the core role: grew the company LinkedIn page from 1,376 to 3,500+ followers with 1,000+ average impressions per post.	

PROJECTS

- Geo-Tagging Attendance (own initiative):** GPS attendance web app — sign-in, shift start, live location and summary; the working prototype for the live feature now being built into the HR app.
- Seamless Dash:** HTML5 Canvas game showing how play can drive app adoption — employee ID login, top-5 scores, power-ups, trivia and analytics.
- Word Vibe (prasidhajagtap.github.io/word_vibe):** live browser word game built with AI-assisted development, from concept and UI to database, security and testing.
- Personal website:** designed and shipped with Claude Code — SEO, structured data, accessibility, light and dark mode.

EARLIER EXPERIENCE

Associate – Amazon

Jun 2020 – Sep 2021

- High-volume customer calls and emails in a structured service process — issue resolution, clear communication and process discipline.

Officer – Security – IndiGo Airlines

Jan 2018 – Aug 2019

- Aerodrome security and flight and passenger safety under strict aviation procedures — operational discipline and calm under pressure.

EDUCATION

PG Diploma in Advanced Computing (PG-DAC) – CDAC Pune · Full-stack development · 73%

2023

B.E. Electronics & Telecommunication – St. Vincent Pallotti College of Engineering and Technology, Nagpur · CGPA 7.09

2017
